REVOLVING

Loan

FUND

**UNDER
CONSTRUCTION**

Money is now available for loans up to \$100,000 with 10 year term and low interest rates.

The NRWA Revolving Loan Fund was established under a grant from USDA/RUS to provide financing to utilities for pre-development costs associated with proposed water and wastewater projects. RLF funds can also be used with existing water/wastewater systems and the short term costs incurred for replacement equipment, small scale extension of services or other small capital projects.

“You provided the help that we needed when we needed it and in a timely manner.

Thanks for making it possible and so convenient to obtain a loan in our time of need...”

Director - Rural Water PWS

Systems applying must be public entities. This includes municipalities, counties, special purpose districts, Native American Tribes and corporations not operated for profit, including cooperatives, with up to 10,000 population and rural areas with no population limits.
